

**Remarks**

This Amendment is submitted under the provisions of 37 CFR § 1.312 in response to the Notice of Allowance dated April 11, 2005, in which claims 1-20 were allowed.

This Rule 312 Amendment requests minor changes to claim 10. In claim 10 as filed, the POTS interface system and the voice interface system were inadvertently switched, which makes the claim unclear. We respectfully request that the changes to claim 10 be entered since they amount to nothing more than the correction of minor errors which clarify the claimed subject matter without altering the scope or direction of the claimed subject matter. Being minor in nature, the entry of this Rule 312 Amendment will not require a further search.

The changes requested by this Amendment were not requested prior to this Amendment because this is the first opportunity we have had to review the claimed subject matter following the filing of the patent application and the receipt of the Notice of Allowance.

The Examiner is respectfully requested to call if the prosecution of the application can be expedited by so doing.

Respectfully submitted,

Date: 4-26-05
